Before Starting the CoC Application

The CoC Consolidated Application consists of three parts, the CoC Application, the CoC Priority Listing, and all the CoC's project applications that were either approved and ranked, or rejected. All three must be submitted for the CoC Consolidated Application to be considered complete.

**1B-1a. Applicants must describe the specific strategy the CoC uses to solicit and consider opinions from organizations and/or persons that have an interest in preventing or ending homelessness.
(limit 2,000 characters)**

The Sacramento CoC employs a strategy of communication and transparency to engage the universe of diverse stakeholder in the effort to end homelessness. The CoC has a 25-member Advisory Board (AB) comprised of committed representatives from an array of organizations that have expertise and interest in preventing or ending homelessness (see 1B-1). The AB meets monthly and is open to the public. In addition to members providing input at monthly meetings, interested parties in attendance as guests are also given an opportunity to comment on every agenda item. In 2018, the AB changed its meeting location to a facility with more room for guests, a larger screen for presentation materials, and more parking to better accommodate participation. The AB's committee process allows for in-depth consideration of issues and the opportunity to provide input is extended to members and guests. Thoroughly considered recommendations flow out of committees up to the AB for additional consideration and ultimately approval, ensuring decisions are based on broad input, as well as data and best practice. AB and committee meetings agendas are posted on the Sacramento Steps Forward's (SSF) website and recordings of AB meetings are posted online. For the most important issues under consideration, extra meetings are held to allow for additional public comment, as well as written input. These sessions are promoted via a listserv, on SSF's website, and on social media.

**1B-2.Open Invitation for New Members. Applicants must describe:
 (1) the invitation process;
 (2) how the CoC communicates the invitation process to solicit new members;
 (3) how often the CoC solicits new members; and
 (4) any special outreach the CoC conducted to ensure persons experiencing homelessness or formerly homeless persons are encouraged to join the CoC.
 (limit 2,000 characters)**

The CoC AB's new member process is documented in its Governance Charter. An annual solicitation process results in a slate of new members seated every March, alongside members renewing terms. New member recruitment announcements are posted on the SSF website and promoted via the email networks of existing members, a 2,000+ person listserv, and social media. Interested parties submit a simple application available online. A nominating committee reviews the applications alongside the existing membership, identifying gaps and prioritizing desired areas of expertise amongst the applicants. If a gap is identified without a corresponding applicant, the

nominating committee sets aside a vacant seat for further recruitment. A slate of recommended appointees is compiled and presented to the full AB for approval in February or March, for three-year terms running from March to February each year.

The CoC conducts special outreach to ensure persons experiencing homelessness or formerly homeless people serve on the AB and its committees. One or more people with lived experience have served on the AB since inception in 2012. A new member with lived experience joined the AB in March 2018 and a seat for a person with lived experience of family homelessness has been set aside.

In 2018, as one long-time member with lived experience termed off and another resigned, the AB designated and began recruiting for two seats for people with lived experience: a single adult and a member of a family with children. The single adult seat was filled during the regular, annual new membership process. The family seat has been more difficult to fill. A targeted recruitment flyer and unique application have been developed and members of the AB are using these tools to assist with the recruitment effort.

1B-3.Public Notification for Proposals from Organizations Not Previously Funded. Applicants must describe how the CoC notified the public that it will accept and consider proposals from organizations that have not previously received CoC Program funding, even if the CoC is not applying for new projects in FY 2018, and the response must include the date(s) the CoC publicly announced it was open to proposals.
(limit 2,000 characters)

The CoC hosts a kick-off conference at the start of every competition. Advertising efforts included placement of the conference details on the SSF website, email announcements to the AB, regular guests, committee distribution lists, and other stakeholders, social media, and an ad placed in the Sacramento Bee, the main newspaper in the City and County of Sacramento. Because of the dedicated domestic violence bonus project (DV) funds, the CoC took additional steps to ensure victim service providers (VSP) were aware of this opportunity and would choose to apply. SSF emailed key contacts at the VSP agencies individually, advising each of them of the kick-off conference and encouraging them to seek this new funding opportunity. Four VSPs attended the conference and one chose to apply for funds. SSF, Recipient agency for nearly all of the CoC projects, contacted the agency that submitted an application and will be recommended for funding, offering to assist them, including an offer to serve as their Recipient. While the VSP agency chose not to partner with SSF, SSF's NOFA competition consultant did assist the VSP applicant with making technical changes to its application to ensure the newcomer performs well nationally.

(limit 2,000 characters)

Sacramento's City and County PHAs are administered by the Sacramento Housing & Redevelopment Agency (SHRA). Based on directives from City & County & widespread stakeholder advocacy & support, SHRA is in the process of strengthening homeless preferences across City & County Public Housing & County HCVs (City has no HCVs). New PHA resources for people experiencing homelessness are as follows: (1) HCV Program increased allocations over 3 years to include 450 limited allocation HCV; 375 new Project Based Vouchers; 50 "move on" HCVs for PSH participants who no longer need services but who still require rental assistance; 100 HCVs for youth linked to services; and (2) 480 units of public housing for homeless families. Altogether, this combination of HCVs & Public Housing will provide 1755 units of subsidized housing for people experiencing homelessness. The elements of the new plan have been approved by HUD and implementation began in 2018. Project-based vouchers have been awarded, the first HCVs and youth-specific HCVs are in the hands of participants seeking rental housing with support from providers, and the process for awarding move-on vouchers is in progress.

(limit 2,000 characters)

The CoC has made great progress on bringing all the PSH in the system into HMIS. The only reason we continue to fall short of 100% is that VASH is still not participating. Coordinated Entry System (CES) staff have taken the lead in bringing VASH into the system most recently, strengthening collaboration with the VA through the process of conducting case conferencing and sharing data to create a comprehensive veteran by name list. While the collaboration is frequent and ongoing, VA participation in HMIS for VASH has not yet been achieved. Guidance from the VA at a federal level has led to some progress on data sharing and we are optimistic that VASH will eventually be entered into the HMIS. The Sacramento CoC is pleased to have 548 VASH vouchers housing chronically homeless veterans in the CoC, but VASH's failure to participate in HMIS diminishes the CoC's ability to fully coordinate care for our homeless veterans and negatively impacts our performance on this NOFA competition measure. All other PSH projects in the CoC, including several that do not receive HUD funding, participate in HMIS.
Three ES programs do not participate in HMIS, contributing to the less than 85% HMIS participation rate for shelters. These include 95 beds for survivors of domestic violence that cannot participate in HMIS, 52 beds for single men operated by a privately funded faith-based organization that is willing to report who they serve for the annual PIT and HIC, but lack the capacity to conduct ongoing data entry into any system, and a TANF-funded motel voucher program with 115 beds that the HMIS Lead Agency will focus on bringing into the HMIS in the next 12 months.
The Sacramento CoC is seeking one-time State of California funding for homeless system improvement to fully implement and improve its CES, which, if received, should result in all homeless programs participating in the HMIS by 2020.

(1) CoC Coord Entry System (CES) handles all referrals to CoC Program, ESG & SSVF RRH. Families are prioritized based on severity of service need, with families of moderate need referred to RRH. The CoC has not met the goal of rapidly rehousing all families w/in 30 days: the list of assessed families that are still homeless averages 1000 households, half of moderate & 15% of high need. The CES Comm is revisiting RRH prioritization now and will incorporate the need to rapidly rehousing families with children within 30 days of becoming homeless in the final prioritization criteria. CoC is committed to the 2020 goal of rehousing all families within 30 days. (2) The Sacramento region faces an increasingly difficult rental housing market, with low availability of affordable housing and landlords unwilling to rent to homeless families. As a result, RRH providers have increased their efforts at recruiting sympathetic landlords and connecting clients to mainstream resources that will remain after the RRH program ends. Additionally, the CoC is implementing Ready to Rent curriculum widely available throughout the system to best equip participants to be good tenants. (3) CoC & HMIS Lead Agency Sacramento Steps Forward will oversee CoC strategies by sharing data with RRH providers & other CoC stakeholders to monitor effectiveness & recommend changes as needed.

The CoC has created a Veteran Collaborative to find, assess & refer homeless Veterans to the proper services & to provide case management, as well as to establish field protocols to ensure engagement.
