

Calling All Family, Parent, and Caregiver Peer Support Specialists

In 2024, the Behavioral Health Peer Support Specialist Program Managers established the Family, Parent, and Caregiver Peer Support Committee to facilitate the co-production of community forums with Peer Support Specialists within Sacramento County's Behavioral Health Services Community-Based Programs.

This committee provides a dedicated space for individuals with unique lived experiences to share, grow, and learn from one another. Each session focuses on a specific topic, fostering open forums for discussing new and emerging areas of interest.

Additionally, Medi-Cal Peer Support Specialists participating in these forums will earn 1.5 continuing education hours towards their Medi-Cal Peer Specialist Certification renewal requirements.
